Your first assignment is to create your own website.

The content of your website should include, but is not limited to, information about:

1. yourself: name, picture, hometown
2. your background: curriculum vitae
3. a list of your favorite sites
4. ISE582: list of assignments, homeworks etc.

Your html code should include at least one example of item that is asterisked (*) in your notes titled “Lecture 1-1: HTML Outline”.

Assigned: 28 August 2003
Due: 5:00pm, 4 September 2003
