Topic 5

Loop Counter
  - incrementation
  - terminal value checking
“during the clock”

“at the end of the clock”
i \leftarrow i + 1

you enable

the Counter so that

it actually increments.
MIN : SECs  \( f = 1 \text{ c/s} \)

1. After 60 seconds (during the 61st second) enable the MINs counter.

2. During the 60th second (after 59 seconds) enable the MINs counter.
