Your first assignment is to create your own website.

The content of your website should include, but is not limited to, information about:

(1) yourself: name, picture, hometown
(2) your background: curriculum vitae
(3) a list of your favorite sites
(4) ISE582: list of assignments, homeworks etc.

Your html code should include at least one example of item that is asterisked (*) in your notes titled “Lecture 1: HTML Outline”.

Assigned: 29 August 2002
Due: 5:00pm, 5 September 2002
